Dear Mr. Metzger:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the above referenced product in connection with the Tetramethrin RED, and has concluded that your submission is acceptable. Please note that no additional mitigation was required beyond what was already submitted to the Agency, and approved in EPA's letter and stamped labeling dated December 28, 2011. Therefore, the aforementioned approved labeling is acceptable under this action.

NOTE: This product is not being reregistered under sections 3(c)5 and 4(g) of FIFRA at this time.

Products shipped after 12 months from the date of the last approved amendment (dated 28 December, 2011) or the next printing of the label whichever occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e).
